AUTOMATED WASTE COLLECTION MADE EASY

We have created a decorative waste and recycling container that can be collected curb side by your local sanitation truck. Our highly durable plastic waste container will allow for an increased volume of waste collected as well as lessening the physical demands on sanitation workers. Emptying this waste container automatically reduces work related injuries and saves you money. Our 65-gallon waste container will also help keep your public spaces cleaner and healthier with a reduced amount of litter on the ground. This waste container is perfect for your municipalities, streetscapes and events.

- Arrives fully assembled and ready for use
- High impact & UV stable polyethylene plastic
- Gravity locking mechanism
- Base will have 40 lbs of weight added
- 3-piece design allows for individual replacement parts
- 4-way entry lid
- Smooth interior assists with waste removal
- Custom options include logos, symbols and premium colors
